

HOLD ON
MARK MASRI- ADAM CROSSLEY- JON ACOSTA

In a million years
you never thought you'd be here
so far so far
now you're standing at the shoreline
of the ocean
and you're feeling like a drop
and you wondering how in this world
will I ever make it across

CHORUS

Hold on
if you need to hold on
hold on to me

In a million miles you never thought you'd be here
standing at the peak
even so your heart feels heavy
and your spirit is weak
and if you should forget that love is
all you need

Hold on
if you need to hold on
hold on to me
What ever road you've chosen
shouldnt be walked alone

Hold on
if you need to hold on
hold on to me
I wont let you forget it
I will not ever let you go
Hold on hold on hold on to me
What ever road you've chosen
shouldnt be walked alone
Hold On
